This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Verdicts or decisions against the City	134	
Decisions which were partly favorable and partly unfavorable	14	
Trials in which the jury disagreed or a juror was withdrawn	29

		2

The two impressive features of the foregoing schedule are the great amount of trial and appellate court work and the large percentage of cases in which the Department was successful, both at trial term and on appeal. It should be remembered also that many of the figures given above convey very little idea of the actual amount of labor involved. For instance, the item "912 motions argued," includes all motions for mandamus and motions to confirm reports in condemnation proceedings and other similar matters, each of which requires as much preparation as the trial of an action or the argument of an appeal.

SCHEDULE 4.

Amount of judgments entered against the City	$499,750 49
Number of judgments entered in favor of the City	274
Amount of judgments entered in favor of the City	$100,842 96

The number and the amount of the judgments entered against the City during 1907 were considerably less than for any year since consolidation.

The results of the year's work in the several divisions of the main office may be summarized as follows:

Division for Affirmative Actions.

Eighty-nine new actions have been commenced during the year. Sixty-five of these actions have been tried or disposed of, and the balance are at issue. These actions include those against street railway companies for car license fees, percentages of gross earnings and cost of paving in and about their tracks, actions to enjoin gas companies from operating under lapsed franchises, proceedings to enforce the Sunday laws, and the action to restrain the operation of the Steinway Tunnel.

Division of Franchises.

This division has handled the six equity actions brought in the Federal Court to declare unconstitutional the laws fixing the price of gas to the general consumer in this City at 75 cents and 80 cents per thousand. Actions have also been commenced against the electrical subway companies for an accounting extending over the past twenty years. Proceedings have also been commenced to condemn the franchise rights of the New York Central and Hudson River Railroad on Eleventh avenue.

Division of Taxes.

In addition to the regular work of the division in connection with certiorari proceedings brought to review assessments made by the local Assessors (of which there are now 1,775 pending), the Corporation Counsel has taken an active part on behalf of the City in defending assessments made by the State Board of Tax Commissioners on special franchises of corporations operating within the territory of Greater New York. The assessments involved in the proceedings now pending exceed two billion dollars, and the taxes which will be collected by the City, if the assessments are upheld, exceed thirty-five million dollars. The questions presented render this work, therefore, the most important tax litigation in which the City is now concerned.

Tort Division.

The additional Judges recently added to the Supreme Court enabled the division during the year 1907 to try many times the number of City cases heretofore tried in any one year. The number of actual trials exceeds 200, and the percentage of recovery has been very low. The cases disposed of by trial and otherwise exceeded by 40 per cent. the new actions commenced, while heretofore the new cases have almost invariably exceeded the number disposed of.

Contract Division.

There has been no money paid out by the City during the year as the result of litigation in charge of this division. The City has been completely successful in actions totalling $128,062.29; has settled for $22,800 four actions involving $34,700, and has appealed with strong chances of ultimate success other judgments of $148,000 in actions claiming a total of $267,000. All injunction and taxpayers' actions and mandamus proceedings have been successfully disposed of, and there are now at issue forty-three actions claiming a recovery to the amount of $1,256,098.32, including several large cases before Referees, in which hearings have already started, and six actions involving about $400,000, which will probably be reached for trial early in 1908.

Condemnation Proceedings (Other than Street Openings).

During the past eleven months of this year reports of Commissioners have been confirmed in thirty-four condemnation proceedings (other than street opening and water-shed cases), in which the awards aggregate $6,576,329.56.

The total expenses incurred amounted to $133,639.15, or an average expense of .02032.

There are forty-eight proceedings pending at the present time.

Change of Grade Damage Commission.

Of the 900 cases on the calendar, 102 have been tried. Awards amounting to $80,000 have been made in 75 cases. Five claims have been dismissed, and the balance are awaiting judgment by the Commission. Two of the dismissed cases have been appealed to the Appellate Division, and if the judgments can be sustained, they will dispose of about 500 claims in which the amount claimed is about $4,000,000.

Hearings Before Board of Assessors.

Fourteen special proceedings were tried before this Board and awards were made in ten thereof, aggregating $210,040. Four claims have been submitted and are awaiting the decision of the Board.

Board of Education Cases.

Forty-five actions against the Board have been tried and judgment has been rendered in favor of the Board in thirty-five, against the Board in eight, and in two cases decision has been reserved.

Water Supply Proceedings.

Commissioners of Appraisal have been appointed in the following proceedings to acquire title to the properties shown on the maps filed in the various County Clerks' offices designatel by law:

Ashokan Reservoir, Sections Nos. 1, 2, 3, 4, 5, 6, 7, 8 and 9.

Hill View Reservoir, Sections Nos. 1 and 2.

Kensico Reservoir, Sections Nos. 3, 4, 5 and 6.

Croton Falls Reservoir, Second Supplemental Proceeding.

Croton Falls Reservoir, Highway Proceeding.

Catskill Aqueduct, Sections Nos. 1, 2, 3 and 4.

Title has vested in the City in all these proceedings except in Catskill Aqueduct, Sections Nos. 3 and 4.

Application for the appointment of Commissioners will be made to the Court in Catskill Aqueduct, Section No. 5, on December 21, 1907, and maps are either prepared or in course of preparation for filing in proceedings in Ashokan Reservoir, Sections Nos. 10 and 11, and Kensico Reservoir, Sections Nos. 7 and 8.

Reports of Commissioners of Appraisal have been rendered in the various proceedings, as follows:

Catskill Aqueduct, Section No. 1, three separate reports, awarding $64,111 for twenty-two parcels of land acquired.

Catskill Aqueduct, Section No. 2, two separate reports, awarding $43,000 for sixteen parcels.

Ashokan Reservoir, Section No. 3, first separate report, dated November 23, 1907, awarding $50,600 for nineteen parcels.

The Commission in Catskill Aqueduct, Section No. 2, will make the third separate report in the near future.

Besides the awards above made by the Commissions, purchase by private sale has been made in a number of instances.

A large amount of testimony has been taken before the Commissions in Ashokan Reservoir, Sections Nos. 1, 2, 5 and 7, and reports may be expected during the early part of the year 1908.

Bureau of Street Openings.

One hundred and four proceedings were completed in which the awards aggregate $6,934,063.34, and the assessments for benefit imposed $4,772,998.34.

Thirty miles of streets were acquired.

Fifty-four proceedings were instituted under the Revised Street Opening Law of 1906, and a great reduction in expense has already been shown in these proceedings.

By the decision in re Vanderbilt Avenue West, 104 N. Y., Supp. 1133, The City of New York becomes the absolute owner of the title to abandoned streets acquired in fee and the abutting or the original owner of the absolute title in fee to these abandoned streets not acquired by the City. This decision, after three years of litigation, makes marketable all the strips of land which have become abandoned.

Four appeals were argued before the Court of Appeals, and twenty-seven appeals were argued before the Appellate Division.

Bureau of Penalties.

Complaints received for violation of Corporation Ordinances	48,466
Complaints received in bastardy proceedings	286
Complaints received in abandonment cases	274
Complaints received from Fire Department	480
Delinquent juror proceedings commenced	1,286
Complaints received from Health Department	15,938
Other miscellaneous actions and proceedings handled by Bureau	381
Total	67,111

Collections by the Bureau from all sources	$40,999 28
Fines imposed by Court of Special Sessions and Magistrates	18,991 75

Bureau for Collection of Arrears of Personal Taxes.

Amount collected	$79,385 75

Number of actions commenced by service of summonses and complaints	8,786

The Bureau was reorganized in April, 1907.

No settlements or reductions are now effected by the head of the Bureau. Applications for vacations or cancellations are passed upon only by the Court. 1,622 Court orders with depositions were transmitted to the Tax Commissioners and Receiver of Taxes. Approximately 5,000 examinations of defendants were taken by the Bureau.

Heretofore the Tax Department was unable to procure a return of uncollectible taxes. Hereafter, the tax rolls can be intelligently prepared, resulting in striking off the rolls the names of persons who should not have been taxed, and from whom taxes are uncollectible.

Discretionary imposition of costs by the head of the Bureau no longer prevails. Costs are now collected upon Court orders only.

The entire tax levy for 1903 was attacked, but the City was successful in all its contentions.

Tenement House Department Matters.

Actions commenced	15,800
Lis pendens filed	5,048
Vacation proceedings	572
Actions in Rem	1,148
Criminal proceedings	313
Penalties collected	$7,828 78

Bureau of Buildings Matters.

Actions commenced	2,003
Lis pendens filed	1,121
Judgments	41
Criminal proceedings	4
Moneys collected	$12,422 93

The Law Department has just about kept abreast with the current work needing prompt attention, but has not been able to dispose of any of the constantly increasing arrears of business. I hope, during the year 1908, with an increased office force, to make some progress in that direction.

Yours respectfully,

F. K. PENDLETON, Corporation Counsel.

Bureau for the Collection of Arrears of Personal Taxes.

BUREAU FOR THE COLLECTION OF ARREARS OF PERSONAL TAXES,
LAW DEPARTMENT, CITY OF NEW YORK, NO. 280 BROADWAY (STEWART BUILDING),
NEW YORK, January 2, 1908.

Hon. FRANCIS K. PENDLETON, *Corporation Counsel:*

SIR—I submit herewith the annual report of the transactions of the Bureau for the Collection of Arrears of Personal Taxes for the year ending December 31, 1907.

There has been collected during the said year personal taxes in arrears, including interest, the sum of	$73,244 04
To which should be added costs collected during the same period	6,141 71
Total collected during the year	$79,385 75

Schedule "A," hereto annexed, shows the year and amount of collections of taxes and interest, by boroughs; also of collections of costs, by months.

Number of summonses and complaints issued to Process Servers	22,045
Number of services effected	8,786

Actions to recover personal taxes must be commenced within one year after the return has been made by the Marshal to the Receiver of Taxes. To guard against the operation of this limitation and to insure and provide against any possible indifference on the part of the Process Servers connected with this Department, I caused to be transmitted to the Sheriffs of the different counties summonses and complaints returned unserved, with instructions to the Sheriffs of the counties, if unable to effect service, to so certify on each process. There will now be a full and complete record in

the Department which will explain why such actions were not commenced within the limitation provided by law.

The number of processes transmitted to the various Sheriffs is as follows:

To the Sheriff of New York County	3,301
To the Sheriff of Kings County	2,952
To the Sheriff of Queens County	818
To the Sheriff of Richmond County	381
	7,452

Number of claims filed with Referees in bankruptcy, receivers, assignees and representatives of estates	11
Number of such hearings attended	16
Number of actions noticed for trial	79
Number of cases tried or disposed of by payment of judgment after trial or after inquest, or discontinued prior to my connection with the Bureau	34
Number of judgments entered in the County of New York and transcripts filed whenever defendant resided in a county other than the County of New York	429
Number of executions issued to Sheriffs of various counties	507
Number of actions pending on the Supreme Court Trial Term Calendar	41
Number of appeals pending	2

Ex Parte Motions.

When I assumed charge of this Bureau on April 11, 1907, an entire change in the conduct of the Bureau was effected. The methods prevailing regarding the attitude adopted towards defendants in arrears no longer obtain. Advantage has been taken of the amendment of the General Tax Law by chapter 348 of the Laws of 1905 to properly protect the interests of persons wrongfully assessed.

The operation of this section, as worked out by the Bureau, benefits all classes, and more particularly those who cannot afford representation by attorneys. An exhaustive examination is made of the delinquent's taxable status on the second Monday of January of the year in which the tax was imposed, and that examination, if the facts disclosed warrant an entire vacation of the assessment, together with the affidavit of the Assistant in charge to the effect that the same was conducted by the Department, is submitted by the Corporation Counsel to a Judge at Special Term, Part II., for final disposition; and if it appears to the Court that the defendant "is unable, for want of property, to pay the tax, in part or in whole, or where for other reasons * * * it appears just that said tax should not be paid," an order is entered in accordance with the Court's determination. This order, together with the original examination of the defendant, the affidavit of the Assistant in charge and the summons and complaint is filed in the County Clerk's office.

Thus the Corporation Counsel, the Comptroller, the Receiver of Taxes and the Assistant in charge of the Bureau are relieved of all responsibility and these matters are placed entirely in the hands of the Court for final determination, where they properly belong.

Under section 934 of the Charter such a proceeding was impossible, as that only applies "where persons taxed are unable, for want of property or other reasons, to pay any tax, or have an equitable defense to such suit or proceeding * * * ." As "equitable defenses" have been construed to mean only such meritorious defenses as would be recognized in a court of equity, motions for relief made thereunder were uniformly denied on the appearance of a representative of this office in opposition thereto.

Heretofore it was only a question of the collectibility of the tax, no matter how great a hardship would result in its enforcement.

The personal appearance of the delinquent at this Bureau is insisted upon in each case.

Number of such examinations conducted since April 11, 1907	3,026
Number of ex parte motions submitted since April 11, 1907	1,622

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES—(*Continued*).

Reports to the Department of Taxes and Assessments.

The mass of information collected by the Department as contained in the examinations of delinquents is invaluable to the Tax Commissioners in the preparation of the tax rolls. A system of co-operation has been adopted with the Tax Department and the Finance Department in obtaining and preserving the information contained in these examinations which will bring about the prompt cancellation of worthless assessments. Heretofore it has been impossible for the Tax Department to cancel the taxes of persons who do not personally apply for the cancellation of such assessments, and in order to accomplish this end there have been transmitted to the Tax Department and the Finance Department copies of the orders entered together with the depositions of the defendants. Prior to my connection with the Department this information was unobtainable.

Number of such orders and examinations transmitted to the Department of Taxes	1,622
Number of such orders and examinations transmitted to the Finance Department	1,622

Litigated Motions.

Relief has been sought by attorneys representing their respective clients by motions under section 934 of the Charter, and 259-a of the Tax Law, for the revision, reduction or entire cancellation of the assessment. The court has held that such motions could not be made until the Corporation Counsel has had an opportunity of examining the defendants.

The policy of the office is, after the examination has been had, to submit the original examination, together with the affidavit of the Assistant in Charge of the Bureau to the effect that the same has been conducted in the Department, to the court without consenting or opposing, and leaving the disposition to the discretion of the court. Of course, an entirely different procedure is adopted where there is no merit in the application, and such motions, when opposed, have been invariably denied.

Number of such motions made at Special Term, Part I., since April 11, 1907	91

Non-Residents and Foreign Corporations.

The practice of commencing actions against non-residents and foreign corporations has been discontinued. No processes are issued in such cases, as the tax is not enforcible under the decision of the Court of Appeals in City against McLean, 170 N. Y., 174. The custom of suing such corporations or individuals and settling for amounts a great deal less than the amount of the tax has heretofore been a source of income to the City, although there is no excuse for such practice of law. This will explain why the total receipts for the year 1907 are less than for the year 1906, and it will be readily understood when it is learned that at the end of the year 1907 there was considerably over $2,000,000 of unpaid personal taxes for the year 1905 and 1906 which had been transmitted by the Receiver of Taxes for collection against non-resident individuals and foreign corporations.

Settlements and Costs.

No discretion is now exercised by the head of the Bureau to effect settlements or reductions of taxes. Applications for vacations or reductions are passed upon only by the court. The discretionary imposition of costs by the head of the Bureau no longer prevails. The costs are now collected upon court orders only. No compromise, settlement or adjustment of any character or description is now being made by this office. The full amount of the tax, with interest, is insisted upon in every case where the assessment is in all respects just, and it is only in cases where apparent injustice has been done that the matter is submitted to the court for final determination.

Remedial Legislation.

A bill has been introduced and passed by both Houses, and a public hearing had thereon before the Mayor, which, if enacted, will make it discretionary with a Trial Judge, where issue is joined, to impose costs on a dismissal of actions brought by the

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES—(*Continued*).

City to recover arrears of personal taxes, thus enabling the Department to expedite the trial of all pending issues without the fear of incurring judgments of dismissal with costs against the City in actions where jurisdictional defenses have been interposed.

Management of the Bureau.

The method of keeping the records of the Bureau has been changed. A system of daily blotters has been installed, in which every step in every action is noted, when taken, and daily entered in the registers under the title of each suit, so that a complete history of each action is readily procurable.

An endeavor has been made to enter, as rapidly as possible, delayed judgments in actions where defendants are in default. A great number of actions in which issue is joined have been noticed for trial, and the office will soon have caught up with the accumulated work.

The stenographic and typewriting department of the office has been reorganized.

A simple and comprehensive system of bookkeeping was installed, beginning with the collection of the 1906 taxes, and the entire business of payments has been systematized and placed under the control of the bookkeeper.

The benefits derived by the taxpayers under the present procedure by this Department should not be underestimated, as they can appear at this Bureau now with every assurance that no unjust tax will be collected.

The collections of the Department may, to some extent, be affected, but the justice accorded to the community at large will more than offset this feature, and the methods being pursued in the conduct of the Bureau not only fully protect the interests of the City, but also should receive the commendation of citizens and lawyers alike.

Respectfully submitted,

GEO. O'REILLY,

Assistant Corporation Counsel in Charge.
